Child and Adolescent Background Questionnaire

(Age 17 and under)

Purpose of this questionnaire: The purpose of this questionnaire is to obtain a comprehensive picture of your child/adolescent's background. In psychotherapy, obtaining background information is often necessary, as it permits a more thorough understanding of one's present difficulties. By completing these questions as fully and as accurately as you can, you will facilitate your child/adolescent's therapeutic program. Please answer these questions in your own time, rather than using up your actual consulting time. If there are any questions that you prefer not to answer, merely write, "Do not care to answer."

Please be aware that case records are strictly confidential. **No one outside of the Wentworth & Associates, P.C. staff is permitted to see your child/adolescent's case record without your permission.**

An indoor elevator is located in the front lobby of the building for individuals with physical disabilities. Also, there are some limits to confidentiality, such as if you intend to harm yourself or others.

Information about privacy and limits to confidentiality will be provided by your primary clinician and is also provided in our Notice of Privacy Practices. STATE LAW REQUIRES REPORTING OF SUSPECTED CHILD ABUSE/NEGLECT, ELDER ABUSE.

FINANCIAL RESPONSIBILITY

You are expected to pay for service at the time it is rendered, unless we agree otherwise or unless you have insurance coverage that requires another arrangement. Payment schedules for other professional services will be agreed to when they are requested. A fee adjustment or a payment installment plan may be negotiated in circumstances of unusual financial hardship. All clients will be informed of payment fee schedules prior to rendering services. This may involve hiring a collection agency or going through small claims court, which will require disclosure of otherwise confidential information. In most collection situations, the only information released regarding a client's treatment is his/her name, the nature of services provided, and the amount due. If such legal action is necessary, its cost will be included in the claim.

If I am paying privately, based on my ability to pay, I agree to pay_____ for an Intake Evaluation, _____ for Individual Therapy, _____Family Therapy, _____ for Testing and _____ for Extended Sessions.

MINORS & PARENTS

Clients under 18 years of age who are not emancipated, and their parents should be aware that the law may allow parents to examine their child's treatment records. They should also be aware that clients over age 14 can consent to (and control access to information about) their own psychosocial treatment, although that treatment cannot extend beyond 12 sessions or 4 months. While privacy is very important, particularly with teenagers, parental involvement is also essential to successful treatment. Therefore, it is Wentworth and Associates policy to request (but not require) an agreement from any client between

14 and 18 and his/her parents allowing to share general information with parents about the progress of treatment and the child's attendance at scheduled sessions.

FAMILY INVOLVEMENT IN TREATMENT

While family treatment may be useful at times, involvement of family members is to be negotiated with the client and therapist. Unless family therapy is warranted and all member consent t o treatment, it is up to the client and therapist to determine the level of family (or other persons) involvement in sessions. In any case, the therapist may not release any information to anyone regarding the client without the client's written consent. In the case of minors, it is strongly suggested to keep most of the client's treatment between the client and therapist and only involve family members in treatment when necessary.

Youth Outcome Questionnaire (YOQ30)

Name: _____ Therapist: _____ Date: _____

Instructions: You may discover that some of the items do not apply to your current situation. If so, please do not leave these items blank, but check the "never/almost never" category. When you begin to complete the YOQ30 you will see that you can easily make yourself as health or unhealthy as you wish. Please do not do that. If you are as accurate as possible, it is more likely you will be able to receive the help that you are seeking.

- Read each statement carefully. Check the number that best describes how true the statement has been during the past 7 days. Check only one answer for each statement.
- Directions for parents/guardians completing the questionnaire for children under 12: Respond to the statements as if each began with "My child…" or "My child's…" rather than "My" or "I" It is important that you answer as accurately as possible based on your own observations and knowledge.

This Good Faith Estimate shows the costs of items and services that are reasonably expected for your health care needs for an item or service. The estimate is based on information known at the time the estimate was created.
*This is only an estimate and actual services, and charges may differ
Separate estimates will be issued upon request for services that are in consideration of being provided by other Wentworth and Associates staff members. There may be other services required that must be scheduled separately during the course of treatment and are not included in the estimate.
The Good Faith Estimate does not include any unknown or unexpected costs that may arise during treatment. You could be charged more if complications or special circumstances occur. If this happens, federal law allows you to dispute (appeal) the bill.

You may contact the health care provider or facility listed to let them know the billed charges are higher than the Good Faith Estimate. You can ask them to update the bill to match the Good Faith Estimate, ask to negotiate the bill, or ask if there is financial assistance available.
You may also start a dispute resolution process with the U.S. Department of Health and Human Services (HHS). If you choose to use the dispute resolution process, you must start the dispute process within 120 calendar days (about 4 months) of the date on the original bill.
There is a $25 fee to use the dispute process. If the agency reviewing your dispute agrees with you, you will have to pay the price on this Good Faith Estimate. If the agency disagrees with you and agrees with the health care provider or facility, you will have to pay the higher amount.
To learn more and get a form to start the process, go to **www.cms.gov/nosurprises** or call (586) 469-7700 for the State of Michigan Department of Health and Human Services.
